THE ELECTION.

Mr. H. C. Kumpf Elected Mayor by a Large Majority.

West and Holmes Among the Lucky Candidates.

Democrats Elect Eleven Aldermen Out of Fourteen.

The Election in Detail—Other City News of To-day.

Result of the Election.

Mr. H. C. Kumpf, Republican candidate for mayor, was elected by a majority much larger than was anticipated by his most sanguine friends. The friends of Mr. Warde claimed when the polls closed last night that their candidate had carried eight wards out of the ten, but as a matter of fact he carried only five.

During the early part of the day and until late in the afternoon, there was little or no excitement about the voting places, but an hour before the polls closed the final struggle began and both Democrats and Republicans worked their voters to the front in masses.

In the Sixth and Second wards the heavy fighting was done for aldermen. In the former, Mr. Kumpf, Morris Hurley and Lipscomb, a formidable rival, and using money lavishly to secure his election. In the Second ward a dozen or more Republicans were worked and as a result both Republican candidates were snowed under by a large majority.

The following is the ticket elected:

Mayor—Henry C. Kumpf.
Auditor—John West.

Treasurer—John Holmes.
City attorney—J. H. Worthen.

Supervisor of registration—W. L. Hender-

JOKERS IN PARNELL MEETINGS.

How Eugene Kelly Was Sold by Miles O'Brien, and How Miles Was Sold.

From the New York Sun.

It has been said by somebody that Irishmen are not going to be hanged, but the author of the speech has intended to confine his remarks to those condemned to death for "treason" to England.

But it is true that there is no meeting, however solemn the occasion which calls it together, that cannot count among its members a sprinkling of wags ready for the jester's office.

The wags have a larger average daily circulation than any other daily newspaper published between St. Louis and San Francisco.

HURRAH FOR KUMPTZ and the independent voters of Kansas City.

Now that the election is over and the weather fair, the real estate boomers will take a fresh start.

PATTERSON made a grand race in the Fourth ward for the council. Mr. PATTERSON has a splendid record as councilman and is gratifying that he should have won.

It is exceedingly unfortunate that Mr. LIPSCOMB did not defeat REGAN in the Sixth ward. That REGAN has been tolerated again for two years in the council, is a public shame.

WHATEVER other changes may be made among the appointed city officials it is safe to say that Comptroller GRANT and Clerk LANGWORTHY will be continued in their positions.

It is difficult to form an estimate of the character of the council elect. There have been a number of very good men elected, some who are not so good and some who are not little known.

POSTMASTER SHELLY has been making removals and appointments in his office without consulting the civil service commission. The treasury and postoffice department have decided that it will be Mr. SHELLY's privilege to pay his appointees out of his own pocket. We are mistaken in President CLEVELAND if he will permit Mr. SHELLY or any other public official to defy the rules of the civil service commission.

THE ELECTION AND ITS LESSONS.

One of the profitable lessons which the shocking defeat of the Democratic candidate for mayor yesterday teaches is that any interference in general elections by a non-political organization for any other purpose than the securing of better government will be rebuked by the public. It matters not whether such organization represents a labor element, a religious community, an aristocratic or middle class or anything else. Whenever it is known that any considerable number of men have combined and propose to cast a united vote for a given candidate or party for the purpose of accomplishing some object or advancing some scheme which does not concern the general public good then the independent voter rebels and arrays himself temporally with his political opponents solely to defeat that combination. He is always ready to oppose any undue or improper interference in the selection of suitable public officers, and he cares not whether such interference comes from the Masonic order, the Catholic, Methodist, or any other church, the Knights of Labor, the railroad monopolists, the contractors, the franchise seekers, the prohibitionists, the saloon keepers or any other organization, combination or clique. The party lash has no terror for him, and he is not prepared to bow at the command of any set, sect or body.

That many voters who prefer to, and ordinarily do, act with the Democratic party voted for the Republican candidate yesterday solely because of the order of the officers of the Knights of Labor commanding all members to boycott the Republican candidate for mayor, there is no doubt. Not that most of these voters were opposed to the order of the Knights of Labor, or were without sympathy with its professed objects, but they were desirous of resenting the conduct of the officers of the order in directing the boycott of a party can dictate solely because his party newspaper organ, which voluntarily supported him, was offensive to the order.

We believe that the majority of that class of citizens not recognized as "workingmen" are in earnest sympathy with the world's toilers and are prepared to suffer inconvenience, discomfort and financial loss, if necessary, to advance their interests. But they demand that workingmen, as such, shall not combine against any other class or branch of society for any other purpose than the promotion of their interests. That workingmen have the right to organize and support candidates devoted to their cause rather than to that of capitalists and monopolists is unquestioned and it would probably be wise for them to do so. But when they determine to submit their demands to the people through the ballot box it must be done in a manly, straightforward way. There must be no guerrilla warfare, no boycotting of a candidate nor party for commissions or missions of those beyond the control or influence of such candidate or party. There must be a patriotic organization under honest leadership and a public and open declaration of purposes and principles. The workingmen of this country could and should exercise a great influence on the ballot box but if they expect to accomplish good for themselves their conduct must be such as to command their cause to all other good citizens.

He Had His Doubts.

From the Esteline (Dakota) Biill.

"I suppose eastern capital has done a great deal for this country," said a traveller to a Dakota settler.

"Oh, I speak it has—least that's what they all say."

"Hasn't you been benefited by it?"

"Well, we can't say I have."

"What has been the trouble?"

"Why, you see I borrowed \$50 of your eastern capital when I first come out here, and blamed it has kept me humping b'out as hard as I can hump to raise the \$30 each month to pay the interest on it. It has held me back, stranger."

A Long-Lived Ministry.

From the St. James's Gazette.

Within the last half century there has been only one precedent for a ministerial crisis within six weeks after the formation of a cabinet, and that was in 1855. On the defeat of the coalition administration over the question of the Indian mail, and after Lord John Russell and the late Lord Derby had tried in vain to find a government, reconstituted the old ministry. The seals were accepted on the 6th of February, and

OPIUM KILLED HER.

HOW A CHICAGO WOMAN SUCCUMBED

The Name of the United States Minister to Persia Associated With Her—A Letter from Him Giving Good Advice—His Marriage Causes Her Death.

CHICAGO, Ill., April 7.—The Daily News this morning says: "The linking of the name of Frederick H. Winston, United States minister to Persia, with that of Jennie Woods, the Chicago prostitute, caused Monday morning a scene of opposite opinion in the Chinese den at 1948 Fourth avenue, will cause surprise to many. Yet, late developments show that the two were not only acquainted but were at one time at least much to each other. Whether on Mr. Winston's part, the relations were paternal merely or of a more ardent nature the reader may judge from the documents. Considerable light on the point is thrown by the following extracts from a letter which was found among the dead girl's effects:

"You are mistaken in thinking that I was angry with you when I last saw you; I was not angry, but you had allowed the bad habit to control you even for a time. Now, Jennie, I believe you will credit me as being a friend of yours. I have thought, and do think, that you, when you think, a great deal of you—more than I ever did—will go to your station, and I have hoped that you might rise in life and become a good woman. You have some good traits of character and under different circumstances you would have been much better than you have. I still hope and pray that you will become useful and happy."

Jennie Woods or Jennie Jones was once a belle in a Chinese den surrounded with admirers and one of the two who caused the minister's fall. After appearing upon the stage for some time she came to Chicago where her associates were not always unquestionable. It appears that she first met Winston at Kinsley's restaurant. She was in company with a lady who had known her for several years and was introduced to him by her. He took a strong liking for her and his interest in her manifested a decided desire to protect herself, and in this she was not only encouraged but substantially aided by Winston. At Armondale votes were received up to and after 7 o'clock, while the poll stood at 2,250. Total..... \$6,500.00

Several of the citizens took in "Nick of the Woods" last night.

There were irregularities at some of the ward polling places yesterday which will probably cause the vote of one or two precincts to be thrown out. There were changes made in the election board of the Third ward. Judges and poll clerks absent from their duties and the Fifth ward was the only one of the voting places which was closed at 12, midnight, to meet at 8 the morning to continue the count. At Armondale votes were received up to and after 7 o'clock, while the poll stood at 2,250. Total..... \$6,500.00

The district court, which convened on Monday morning, was unable to obtain a jury out of the thirty-six summoned, and yesterday, upon eighteen fresh names being called, only four answered and took their seats. Three of these were found to be disqualify, and then the remaining five remained in the jury box to serve his country.

The case of Henry Donnelly, charged with the murder of Thomas McDonald, police officer of Kansas City, Kas., in November last, was continued until the July term.

The recognizances of the defendants to the amount stated were declared forfeited.

James Conners, Kansas City, Kas., \$1,000; Miles O'Brien, San Francisco, \$1,000; Nick Sweeny, Wyandotte, \$1,000; William Kaubach, Wyandotte, \$300; Jerome Marshall, \$300; J. Fortune, \$230; J. M. Hafferty, Armondale, \$200. With the exception of the last mentioned all of the cases were

missed by whisky prosecution.

"We are mistaken in thinking that I was not what you can't what he, like into the paper, and besides, he has given us \$30."

The roar of laughter which followed was the first intimation the old banker had that the amendment was a joke.

But Mr. O'Brien himself was made the victim of the worst practical joke that has been played among the Irishmen from Newcastle West; his native town. He is an invertebrate practical joker, and in the habit of selecting a butt for hisallery at every gathering.

On this particular evening he picked up a boy in Armondale, and introduced him to a lady who had known him for several years and was introduced to him by her. He took a strong liking for her and his interest in her manifested a decided desire to protect herself, and in this she was not only encouraged but substantially aided by Winston. HOW TO GET FAT.

Solutions for Green People.

One of the first particular difficulties of the development of the conditions which lead to consumption, is the knowledge that the body is throwing off in an undigested form the fat that is taken into the stomach. This is followed by a loss in quantity and quality of the blood and corresponding loss in flesh. In these cases there as truly exists consumption (though it need not be necessarily consumption of the flesh) at the beginning as in any case that ever existed.

Lean persons are the only ones who furnish material for the quick development of many ailments. Susceptibility to changes in the weather, feeble digestion, limited strength and energy, nervousness and disturbed sleep, soon lead to some serious disease. Another fair fancy with lean persons is that they must necessarily always remain lean because their parents have shown a tendency of this kind.

These lean persons doubtless inherit a tendency to imperfect action of the digestive functions. For the cure of this difficulty many medical authorities have agreed that a diet of pure, easily digestible food is the only desirable but absolutely necessary to get the best results and a cure that the whisky must be free from fusel oil and all other adulterations. The Duffy's Pure Malt Whisky is an absolutely pure article, so declared to be by eminent chemists who have analyzed it, and taken alone at meals, or in connection with other consumption formulas, will induce in a single night a plumpness which is permanent and healthy.

Mr. M. V. Neighbors, *Osage Mission Kas.*, writes: "I have used your consumption Cure with Duffy's Pure Malt Whisky, and am feeling better in health and weight 25 pounds more than at any time before in my life. I will surely recommend it."

Mr. C. H. Knight, 1345 *Covington street, N. W., Washington, D. C.*, writes: "I have been taking your Duffy's Pure Malt Whisky and Cure and have gained 15 pounds in weight, and am better in health and spirits."

Mr. Charles E. Byrne, *Washington, D. C.*, writes: "By request of Mr. Eugene Sullivan, who was recovering from severe typhoid pneumonia, I sent for your consumption formula. He weighed 143 pounds. About a week ago he weighed 153 pounds, an increase of 10 pounds in three weeks. When he commenced its use he was so weak he could hardly walk."

Mr. Wm. McEnhill (*Hospital for Ruptured and Crippled*, Forty-second street and Lexington avenue, New York), writes: "Your Consumption Formula and Duffy's Pure Malt Whisky is the best remedy I have ever tried. I have gained 5 pounds in weight and feel 25 per cent better; have better appetite; less cough. I will recommend it."

Mr. Matthew R. Collins, 420 *Fourteenth street, New York*, writes: "I have used your Formula for Consumption and am well pleased. I find my appetite has increased, and my weight about 5 (five) days."

Mr. Wm. H. J. Wells, 955 *Chestnut Street, Chicago, Ill.*, writes: "After using your Duffy's Pure Malt Whisky one month I weigh 135 pounds; when I commenced it I weighed 120. My color is better, habits regular, tongue clear and healthy-looking. My chest feels lighter. I feel strong, sleep well, and have no night sweats."

Mr. W. E. Newell, *Springfield, O.*, writes: "My experience with your Duffy's Pure Malt Whisky and your Consumption Cure is this: They are the best things ever taken together, and by continuing them will cure me. I weighed 118 pounds. I now weigh 123 1/2 pounds."

Mr. Wm. Peterson, *Cambden, N. J.*, writes: "I can truthfully say that after using your Consumption Cure and Duffy's Pure Malt Whisky that I am much better, and sleep better, and have gained 3 pounds in a week."

Mr. John S. Lee, *Lewiston, Ia.*, writes: "A short time ago I commenced the use of your consumption Cure and Duffy's Pure Malt Whisky. I am improving steadily, and have gained 2 pounds."

The criminal was silent.

"Good Lord, man," he said nervously "won't you nevamente?"

"Well, yes, I reckon I will when you pull that trap," growled the prisoner.

Wanted Time to Think.

From the San Francisco Chronicle. They say a Scotchman can't see a joke. If he can't he is always honest enough to show it. But he is not quite as honest as an Englishman, who, when he has had a little repast the other evening this Englishman was present. A young gentleman in the company repeated that old story put upon Paul Neumann many years ago. He went home one morning early in a slightly befuddled state of mind and unsteady condition of body. His wife awoke as he entered the room. "What time is it?" she asked sleepily. "A quarter of 12," said Paul. "What nonsense! The clock has just struck 3."

"Well, ain't that a quarter of twelve?"

Everybody laughed, out of politeness, I suppose. Perhaps, really, some of them had not even seen the "gap" before. This Englishman got his eye glasses off.

"Ha, ha, ha, ha, ha. There's a point somewhere there, I see, but somehow I fail to catch it."

A Preacher Vouches for the Story. From the Washington Ga. Gazette.

One day last week Mr. Bob Griffin, resident of the city, made the shot wild turkeys we have ever shot, and we would better set him down before we give the number. He had made a blind and baited for the birds. When they discovered their morning meat they bunched and were eagerly devouring it when Mr. Griffin turned loose both barrels of his gun on only four of the birds flying. Even then, with his fine chance for a shot Mr. Griffin says he was surprised himself when he had killed so many. At the unsuspicious moment he was so feverish with exertion he could scarcely keep his gun in range of the turkeys. All of this vouches for by a well known Baptist preacher who lives in the neighborhood.
